PUBLIC HEALTH & SAFETY COMMITTEE

Date and Time: Monday, January 17, 2022, at 5:15 pm, (Council Chambers)

Members Present in Person: Lisa Rasmussen (C), Jim Wadinski, Dawn Herbst, and Becky McElhaney

Members Present by WebEx: Pat Peckham

Others Present: Tara Alfonso, Ben Bliven, Jeremy Kopp, Kaitlyn Bernarde, Mary Goede, Katie Rosenberg, John Chmiel, Adam Malzan, Ted and Margaret Bowman

Minutes of previous meetings. (12/20/21)

Motion by Peckham, second by Herbst to approve the minutes of the previous meeting on 12/20/21. Motion carried 5-0.

Consider approval or denial of various license applications.

Lisa Rasmussen indicated there was one Operator's License application recommended for denial for Reba Matelski. (It was noted she was not present.)

Rasmussen stated there was one new event called Wings Over Wausau Airshow in June at the Wausau Airport that has estimated a large attendance. John Chmiel, Airport Manager, explained Wausau Events is the sponsor of the airport is the location. It will take place over two days on Friday, June 24 with a larger scale event on Saturday, June 25th. He indicated negotiations have been entered into with Dacy Airshows who is doing all of the leg work for the airshow performers and working with the FAA. He stated Dacy has provided an example of an emergency plan to fill out and he will be working with Wausau Events on completing that in conjunction with Fire and PD. In addition to the airshow in the afternoon, there will be a car show in the Airport Park. He noted the food being featured is wings, working with local vendors. There will be music, fireworks in the evening, model airplanes, and aviation displays. He stated he was also trying to organize several of the airport tenants to do what is called a "parade of flight" with an MC to describe the plane pilot, and mission for educational purposes.

Rasmussen questioned if there will be outdoor alcohol at the event. Pete Valiska, Vice President of Wausau Events, confirmed they intended to serve alcohol. Rasmussen noted the airport is exempt from the beer fence requirement, so they can allow people to take their drink back to their chairs to watch the show.

Dawn Herbst questioned what type of security they'd have to ensure the alcohol isn't getting abused. Valiska indicated he met with the Police Department and discussed this event for security, emergencies and traffic issues. He stated Police and Fire will both have equal access to the airport. He stated they will be wrist-banding adults for alcohol service.

Motion by Herbst, second by Wadinski to approve or deny license applications as recommended by staff. Motion carried 5-0.

HEARING: Rent Abatement Request/Property Address: 509 W. Knox Street (Daniel R. Hempe II - Tenant; Your Neighbor Realty - Landlord)

Rasmussen explained the process of the hearing.

Re: Comments on amending W.M.C. §8.08.160 Rabies control

- Humane Officer Ashlee Bishop recently advised that in connection with her response to an incident involving a particular animal case, it came to her attention that the rabies control ordinance contained certain language which limited the City's discretionary authority with respect to quarantine of animals that were suspected of biting a person, and the impoundment of cats or dogs located off of an owner's premises that were not wearing rabies vaccination tags. In other words, the ordinance contained the word "shall" rather than the discretionary word "may."
- The amendments to this ordinance make those changes.
- Further, a full review of the ordinance, originally passed in 1989, was undertaken with respect to the provisions of Wis. Stat. §95.21 Rabies control program to ensure it was up to date, as well as to take the opportunity to make it more clear or less redundant in certain places.

ORDINANCE OF PUBLIC HEALTH AND SAFETY COMMITTEE

Amending Section 8.08.160 Rabies control.

Committee Action:

Ordinance Number:

Fiscal Impact: None

File Number:

Date Introduced:

The Common Council of the City of Wausau do ordain as follows:

Add (☐)

Delete (☐)

Section 1. That Section 8.08.160 Rabies control is hereby amended to read as follows:

8.08.160 Rabies control.

....

(b) *Rabies vaccination required.* Every dog and cat shall be vaccinated by a veterinarian or, if a veterinarian is physically present at the location the vaccine is administered, by a veterinary technician within 30 days after they have reached three months of age, and shall be revaccinated within one year after the initial vaccination ...

(c) *Duties of veterinarian—Certificate and tag.* At the time of vaccination, each veterinarian the person who administers the vaccine under par. (b) will complete a certificate indicating the following ...

(d) *Quarantine or sacrifice of pet or animal suspected of biting a person or being infected or exposed to rabies.*

(1) Except as provided in subpar. (5) below, a law enforcement officer or the city humane officer shall order a dog or cat quarantined if such officer has reason to believe which is currently immunized against rabies as evidenced by a valid certificate of rabies vaccination suspected of being in contact with a rabid animal or infected with rabies or accused of biting a person shall be quarantined for ten days on the owner's property. The animal shall be examined by a veterinarian within 24 hours of the reported bite/exposure and on the last day of isolation and on one intervening day. An unvaccinated dog or cat shall be impounded at the Marathon County Humane Society for a period of ten days, if the owner can be located. If no owner is located, the dog or cat shall be humanely destroyed in a manner which avoids damage to the animal's head by a veterinarian or the Marathon

~~County Humane Society and shipped to the Wisconsin State Laboratory of Hygiene for rabies testing in accordance with Wis. Stats. §95.21(6).~~ that the animal bit a person, is infected with rabies, or has been in contact with a rabid animal.

- (A) If a dog or cat is ordered to be quarantined because there is reason to believe it has bitten a person and it is currently immunized against rabies as evidenced by a valid certificate of rabies vaccination, the officer may order the quarantine to occur for at least ten days on the owner's property. All other dogs or cats will be quarantined at an isolation facility as soon as possible but not later than 24 hours after the quarantine order of the officer. The facility or owner shall keep the animal under strict isolation.
 - (B) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 180 days. If the dog or cat is immunized the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 60 days.
 - (C) If a quarantine cannot be imposed because the dog or cat cannot be captured, the officer may kill the animal. The officer may kill a dog or cat only as a last resort or if the owner agrees. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head which will then be shipped to the Wisconsin State Laboratory of Hygiene for rabies testing in accordance with Wis. Stats. § 95.21(6).
- (2) An officer may order killed or may kill an ~~Any~~ animal, domestic or wild, other than a dog or cat, ~~if the officer has reason to believe that is suspected of having rabies and is believed to have that the animal bitten~~ bit a person; ~~shall be~~ or is infected with rabies. The officer shall attempt to kill or have the animal humanely destroyed in a manner which avoids damage to the animal's head and shipped to the Wisconsin State Laboratory of Hygiene for rabies testing in accordance with Wis. Stats. §95.21(6).
- (3) Veterinary examination during quarantine: all dogs and cats, vaccinated or unvaccinated, and under quarantine for biting a person shall be examined by a veterinarian within 24 hours. Confinement shall be at least 10 days with a re-examination on the tenth day and on one intervening day for vaccinated ~~pets~~ cats and dogs. If the observation period is not extended and if the veterinarian certifies that the ~~pet~~ dog or cat has manifested no signs of rabies, and the dog or cat is vaccinated, the quarantine ~~shall~~ may end at the end of the ten-day observation period. ~~If rabies is suspected upon re-examination the pet shall be humanely destroyed in a manner which avoids damage to the animal's head by the veterinarian or the Marathon County Humane Society and shipped to the Wisconsin State Laboratory of Hygiene for rabies testing in accordance with Wis. Stats. §95.21(6). The veterinarian shall notify any person or their physician which the animal is suspected of biting that the animal is suspected of having rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or~~

veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.

(4) ...

(5) Exception for law enforcement dogs. The quarantine requirement in this paragraph does not apply to a dog that is used by a law enforcement agency and that bites a person while the dog is performing law enforcement functions if the dog is immunized against rabies as evidenced by a valid certificate of rabies vaccination or other evidence. The law enforcement agency shall make the dog available for examination at any reasonable time. The law enforcement agency shall notify the local health department if the dog exhibits any abnormal behavior.

(e) *Revaccination of Animals* **dogs and cats exposed to a** ~~bitten or scratched by a known or suspected rabid animal:~~

(1) *Unvaccinated animals* **dogs and cats:**

~~(A) Should be destroyed immediately;~~

~~If the owner is unwilling to destroy his dog or cat, the pet must be kept in isolation in an escape-proof enclosure, under veterinary supervision for 180 days. The owner shall have the dog or cat be vaccinated 155 to 165 days after exposure. with veterinary approval.~~

(2) *Vaccinated pets* **dogs and cats:** ~~should~~ shall be revaccinated as soon as possible after exposure. ~~and leashed or confined for 60 days.~~

(f) *Impoundment of pets* **dogs or cats** *without a valid rabies vaccination tag.*

(1) Any **dog or cat** ~~pet~~ found off the owner's premises and not wearing a valid rabies vaccination tag ~~shall~~ **may** be impounded. **The impounding facility will provide** ~~All impounded pets dogs and cats shall be given proper care and maintenance. The costs of care and maintenance, including any veterinary care shall be paid by the owner of the dog or cat.~~

(2) Notice that a dog or cat has been impounded will be provided as set forth in Wis. Stat. §173.13(3). An impounded dog or cat will be returned to its owner upon compliance with the provisions of Wis. Stat. §173.23. ~~Notice of impoundment of all animals, including any significant marks of identification, shall be posted at the pound as public notification of impoundment. Any unvaccinated pet may be reclaimed by its owners during the period of impoundment by payment of prescribed pound fees and complying with rabies vaccination requirements of this chapter within 72 hours of release. Any vaccinated pet impounded because of lack of rabies vaccination tag may be reclaimed by its owner by furnishing proof of rabies vaccination and payment of all impoundment fees prior to release.~~

...

Section 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 3. This ordinance shall be in full force and effect on the day after its publication.

Wausau Fire Department Monthly Report

January 2022

(Recruit training on forcible entry)

Fire Chief Report by Robert Barteck

January is always a tough month for our operations division. The frigid temperatures make firefighting extremely difficult. The difficulties of keeping water flowing and firefighters warm are exacerbated exorbitantly when temps dip below 0 degrees Fahrenheit. Heaters in the fire pumps have trouble compensating for the super cold temps, and small lines and drains frequently freeze. Any hose line deployed must be left open to allow water to flow to prevent freezing. This leads to excess water on the ground and street, creating an ice rink effect. Firefighters each have their way of adding clothing hand and foot warmers to help prevent hypothermia while they work. Once firefighters get wet from operating hose lines, a coating of ice develops on the exterior of their gear. Most will choose to stay in the cold rather than climb into a warm truck to keep the water frozen on their gear and prevent it from seeping through their clothing when thawed. The Salvation Army truck is a welcome oasis with hot coffee or cocoa and hot sandwiches. This warm food and drink elevate firefighter spirits and warms their bodies with the simple feeling of a warm cup in their freezing hands and a needed break from the chaos. In these moments, we see the very best in our firefighters. There is no complaining about the work; instead, a shared love of the trade and teamwork is celebrated as they bond over doing a tough job in the most challenging conditions.

EMS calls are as equally complicated as the dead of the Wisconsin winter. Piles of snow, slippery sidewalks, and streets impede paramedics while responding to households. The patient's movement from a warm home through the cold to the waiting ambulance is complicated by the slippery conditions and providing ample protection from the cold. Cardiac monitors, EMS bags, IV lines all can tangle into a mess if not properly arranged. Often this becomes difficult in the more acutely sick or injured patients because the paramedics must move quickly. Each call is unique, and the paramedic's problem solve and find the best way to protect the patient from the cold while quickly and compassionately attending to their needs. This is where the paramedics of our department shine. Their training and experience in these complex operations make their work seem easy even when not.

In January, most of my time outside the day-to-day administrative duties was spent on the Additional Firefighters Initiative and preparing to find the next batch of Wausau firefighter/paramedics. I discuss each topic below:

Additional Firefighters Initiative and SAFER Grant:

On January 8, we presented the Finance Committee with information regarding the costs and potential hiring operations for the additional 12 firefighter/paramedics approved by the Human Resources Committee in December of 2021. In mid-December, FEMA announced that it would open the annual Staffing for Effective Fire and Emergency Response (SAFER) grant for applications from one month, January 3 to February 4. This is a fantastic opportunity for the community to gain federal assistance to hire additional firefighters. The SAFER Grant fully funds the firefighters for three years. This allows the city to ease the additional staff into the budget by directing revenue from closing TID districts or other areas to the Fire Department budget for long-term funding. We proposed that the Finance Committee immediately fund 3 of the additional 12 firefighters and allow the department to apply for the SAFER Grant to fund the remaining 9 firefighters. The Finance Committee sent the SAFER Grant resolution to the Council that same night, and it was passed unanimously. The funding source for the remaining 3 firefighter positions will be a topic at an upcoming Finance Committee meeting.

We had begun work on the SAFER grant in December when we learned of the announcement. Once we had permission from the council, we poured resources and time into writing the best quality grant that we could. These grants are highly competitive and complex to write. I reached out to other Chiefs that I had connections with who had experience in writing these grants, which proved to be an enormous help. The Finance Director, MaryAnne Groat, helped write the financial justification portions. We completed writing the grant on January 20. Before submitting it, we asked Local 415, President Adam Rahn, to send it to the International Association of Firefighters (IAFF) to be reviewed by their expert grant writing and review team. The IAFF reviewers returned the grant on January 22, stating: "the grant is very well written, and we only had a couple of minor comments for improvement." We again worked with the Finance Director on the rewrite of the grant and

submitted it days before the due date. FEMA expects to begin making grant announcements this summer, with the last notifications done before September 30.

In the coming months, I will work with the Finance Committee to draft a contingency plan for funding these vital positions if we do not receive grant funding.

Hiring Process Announced:

Currently, the department has one vacant position and just received notification from Engineer Mark Tautges that he will be retiring on March 3. With the three additional firefighter/paramedics that are currently waiting for approval by the Finance Committee the department potentially needs to hire five firefighter/paramedics. To meet this anticipated need the Human Resources Department began a recruitment period that opened on January 14 and will close on February 20. Candidates will have two rounds of interviews on March 8 and 15. We expect to bring Candidates that are chosen for hire to the April PFC meeting for approval and have them start employment sometime in mid-May.

Recruitment Film:

On January 28th we released our long-awaited recruitment film. This four-minute film was the culmination of six months of work by our city videographer Ethan Bares. His talent behind the camera and in the editing, the room is unmatched the quality of his work is astonishing. The recruitment film is the best that anyone has ever seen in the Fire Service. Ethan seamlessly stitched together the testimonies of five of our firefighter/paramedics about what it is like to serve as a Wausau firefighter/paramedic. These conversations are weaved into stunning moving images of our member's training and responding to calls. I was incredibly moved when I saw it for the first time. I have probably watched it two dozen times since. He somehow captured the essence of our culture and the community as it really is. The film is compelling and will surely speak to interested candidates who are interested in joining our ranks. If you have not seen the recruitment film here is the link. Thank you for your continued support.

EMS Division by EMS Division Chief Jared Thompson

During the month of January, the EMS Division was able to place in service one of our last new pieces of equipment to help aid in the movement of patients out of their homes to our ambulances. This piece of equipment is called the Ferno EXL Scoop Stretcher. Each of our four front line ambulances were able to replace their old bulky scoop stretcher with this very ergonomically light weight device. With the scoop stretcher, paramedics are able to separate the stretcher into two pieces allowing them to "scoop" up a patient that may be injured without having to roll them and aggravate for example any back, hip, pelvis, or lower extremity injuries. These scoop stretchers were purchased for a supplements request. All four scoop stretchers with straps came to a total of \$3,868.80.

Did you know that the City of Wausau has one of the highest percentage of patients that are transport to the hospital that either receive benefits from Medicare or Medicaid? Both total just under 80% of our patient transports. Medicare and Medicaid have the most stringent reimbursement requirements verses private insurances which only account for 8% of our patient transports, well under that state average of 17%. Because of continual documentation and compliance training, the City of Wausau was able to collect all but 3% of claims that our billing company submitted on our behalf to Medicare and Medicaid. We have improved from 2018, where our billing company was able to all but 10% of claims submitted to our 3% for 2021.

To end this month's report, our crews from Station 1 on 1/28 responded to a shooting that took place in the area of Emter and Myron Street. The crew was able to stabilize and control the hemorrhaging critical patient who was shot and rapidly transport him to the Trauma Center at Aspirus Wausau Hospital where he received further treatment from the Emergency Room Trauma Team.

Fire Training Division by Training Division Chief David Briggs

Welcome to the new year! Our January crew training was heavily based on completing firefighter health and safety topics as well as focusing on air management. The month started out with Mask Fit Testing followed by a Line-Of-Duty-Death (LODD) case study in which Breathing-Air Management could have saved the life of a fire officer. We have found that providing the context behind a concept helps to retain the lesson or skill's intent. The rest of the month included Vehicle Operations, and an officer drill labeled "Why Are We Here."

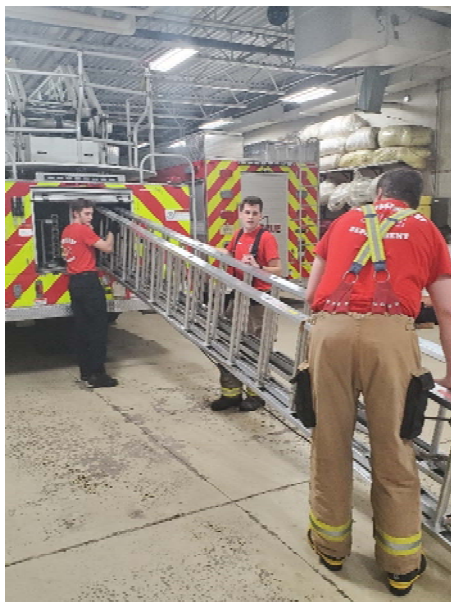

January also included recruit training with five new hires! When new firefighters begin their career with Wausau FD, we try to give them a powerful start with our four-week recruit academy to hone the skills learned in their initial certifications. During this time, we cover basic topics such as Personal Protective Equipment, to more complex situations such as critical decision making while under duress. As these four weeks are coming to an end, the recruits are transitioning to fourteen days per recruit with a field training officer. These are exciting times to see the growth and development of our members and organization.

Leadership Training

On January 27th, Deputy Chief Kopp, Division Chief Briggs, Lieutenant Bauknecht, and Firefighter Sass traveled to Appleton to view a leadership presentation by Ret. Captain D. Michael Abrashoff. This presentation focused on transformational leadership styles that embrace management techniques but focus on serving people. This style exemplifies the essence of leadership and servanthood. Captain Abrashoff took the Navy's worst performing ship and transformed it into an award winning vessel with one of the highest re-enlistment rates. His story is worth learning from in his book *It's Your Ship*. Although our organization is far from being a navy ship, the methodology used is highly relational to our mission and people.

Facilities Training – Training at a live-burn facility (may include off-duty time)

Misc Training – Any other training category such as software, administrative, etc.

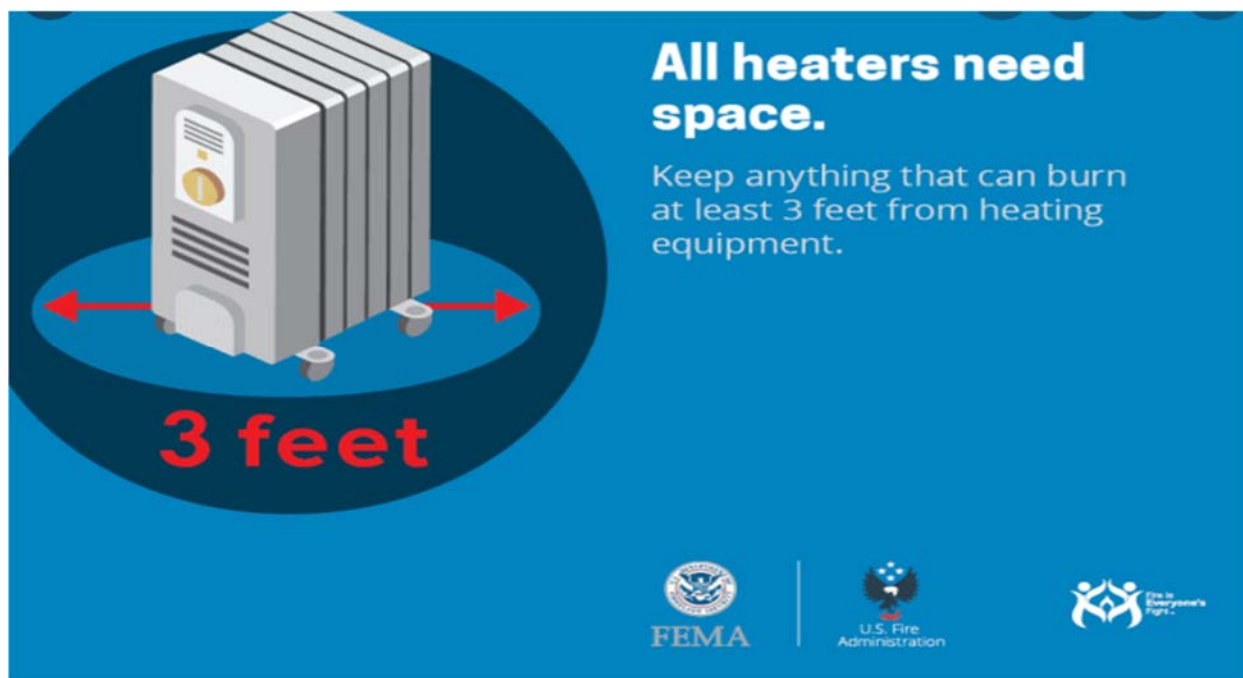

Fire Prevention Division by Fire Marshal Brian Stahl

Within the City of Wausau for the month of January we performed 62 total inspections. We performed 37 initial inspections and 25 re-inspections. We had 11 properties that had Fire Code Violations. These properties will require follow up inspections to confirm compliance. We also conducted one “special event” inspection for a glass blowing workshop that will take place in April/May at the Leigh Yawkey Woodson Museum. We also conducted one Sprinkler System inspection for a “Hydro” test on a new construction site.

Investigations: The prevention Division conducted a total of one Fire Investigation throughout January. This was a multi-family apartment complex. The fire originated on a balcony and extended into the adjacent apartment and attic space.

Public Outreach: Our Public outreach programs for January encompass one Smoke Detector and CO detector installation only. We installed 3 smoke detectors and one CO alarm in a single-family home with one resident.

Education: Lieutenant Shahn Kariger attended and completed a 6-day class on **Fire Investigations: Electrical Systems** at the National Fire Academy. Firefighter/Inspector Brad Ludwig completed the NIMS ICS 800 class.

Fire Operations Division by Deputy Chief Jeremy Kopp

January has started with many goals and changes set for the success of the Wausau Fire Department and the members of the organization.

Guardian Tracking: We purchased a new software called Guardian tracking which will be a great tool helping individuals and managers stay on target and follow up on goals and achievements throughout the year. D.C. Kopp is hopeful to have training done and roll out the use of this by the end of February. This software is capable of tracking significant exposures, injuries and accidents no matter the size. It will track thank you letters, job well done documents and award nominations as well as discipline and follow up reminders. Reviews for the year will be easier with everything tracked in one spot and transparent with reminders sent up the chain of command for action to be taken.

Fleet: We have ongoing repairs being done on the two new engines in which we are working very closely with Custom Fire, Sutphen, and DPW to get proper repairs made. We have come across more “bugs and glitches” than anticipated but are hopeful we are close to having them all taken care of in February.

Operations: The recruit academy started with the addition of five new Firefighter/Paramedics. Mark Punzenburger, John Williams, Tim Strege, Brooke Johnson, and Hunter Herold. As of January, the fire department has 9 Firefighter/Paramedics on probation with at least one retirement in the near future. It is an exciting time with all the growth and changes in the organization.

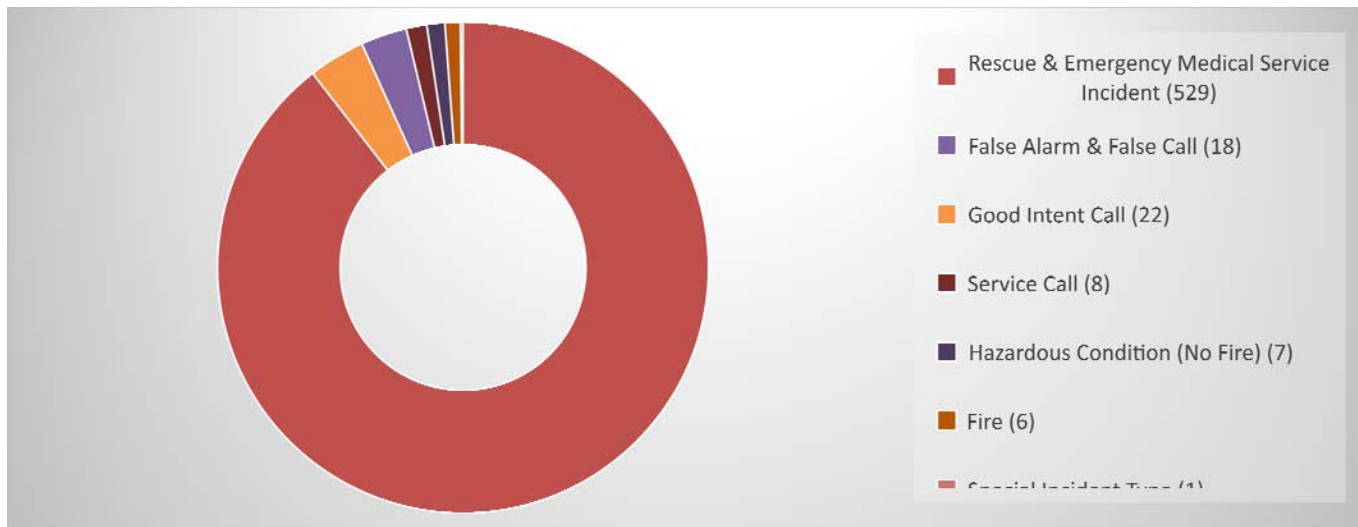

The state Haz Mat coordinators meeting was held on January 6th attended by both B.C. Kruzan and Lt. Ambrosius.

Significant calls: January had many significant calls including a 16-unit apartment complex fire in which we called a Mutual Aid Box Alarm System (MABAS) alarm to get help from multiple other departments. The on-duty Battalion Chief asked for an alarm to the first level on the MABAS card and asked for off duty personnel to respond if available. The Chief, Deputy Chief and two off duty Battalion Chiefs were able to respond and help with logistics of this complicated incident in frigid temperatures.

Charitable foundation: Held an end of the year meeting to plan all fundraisers and events for next year.

Pregame Pub, 2002 N. 6th Street

- (1) The 6th Street Pub has now re-opened to the above named establishment.

Bob & Randy's Bar, 1515 N. 6th Street

- (1) *Case #22000365, 01/12/2022 at 1:25 PM:* WARRANT SERVICE: Officers from the Community Resource Unit (CRU) responded to the tavern to attempt to locate a woman that had a warrant for her arrest. She was located in the bar and taken into custody.

Cop Shoppe Pub, 701 Washington Street

- (1) *Case #22000675, 01/23/2022 at 2:07 AM:* CRIMINAL MISCELLANEOUS: An **employee** called to report that there was an intoxicated male in the bar that was causing a disturbance. He was reportedly pouring drinks out all over the floor, and accusing the bar of stealing from him. Officers responded and located the male, describing him as heavily intoxicated. He was also on a felony bond, which he was in violation of by being in a bar. He was arrested and taken to jail, after a medical clearance due to his intoxication. The bartender said he served the male four double mixed drinks.
- (2) *Case #22000765, 01/27/2022 at 8:38 AM:* CRIMINAL MISCELLANEOUS: A male reported leaving his vehicle parked in the bar parking lot on 01/25/2022, and coming back to find some fishing gear and ATV ramps stolen from the truck. A self-report form was completed.
- (3) *Event #22012478, 01/27/2022 at 10:09 PM:* CRIMINAL MISCELLANEOUS: An **employee** called after a group of people came into the bar. One male in the group fell, hitting his head, which cut his eye/right cheekbone. The bartender refused to serve the group because of their level of intoxication. Officers were requested to remain on scene until the group left. No further action was taken and the group left peaceably.

- (4) *Case #22000786, 01/28/2022 at 1:29 AM: FIGHT:* An **employee** called to report a verbal fight. The argument was involving the male that had hurt his face earlier in the night. He was now in a verbal altercation with a female patron in the bar. Officers responded and located him in the bar, yelling at the bartender. He was detained outside the bar. All indications from people in the bar described a “verbal argument” had taken place, with nothing physical occurring. The male was on multiple felony bonds (not the same male as in incident #1), with restrictions against being in bars and also requiring absolute sobriety. The male was absolutely not sober, and was arrested for violation of the bond conditions. The male was also on Probation, which incurred a probation hold, in addition to the bail jumping charges.

Domino Bar, 740 Washington Street

- (1) *Event #22000902, 01/03/2022 at 12:41 AM: SUSPICIOUS ACTIVITY:* A citizen called in a suspicious vehicle sitting in the parking lot of the bar, thinking that it was related to drug activity. An officer was in the area in eleven minutes, and noted that the bar was closed, and there were no vehicles left on the property.

Jalapeno's, 300 N. 3rd Street

- (1) *Event #22008810, 01/19/2022 at 7:37 PM: FAMILY DISTURBANCE:* An **employee** called to report that there was a male patron that was having a “domestic” fight and yelling at staff. Officers arrived and were advised that the male had been rude with staff, and then started being verbally mean to and berating the woman he was with. When staff tried to intervene on the woman's behalf, the male became more verbally aggressive towards them. The male was described as being very intoxicated. Officers arrived and were able to separate the man from the woman. Although their relationship fit the criteria of a domestic relationship, their interaction did not rise to the level of a crime. The staff only wanted him removed from the property. The woman left separately, after the male agreed to stay at a hotel. Both were released at the scene.

- (2) *Case #22000681, 01/23/2022 at 5:09 AM:* SERVICE MISCELLANEOUS: Officers were first called to the area in front of the bar for a 16-17 year old male trying to sit in someone's car, stating that he could not return home. Officers located the male in front of the bar. He claimed that he could not return home because he had been drinking, and his parents get upset when he consumes alcohol. The male said he had been at Jalapeno's with friends, until he had been told to leave by the owner. The male was friends with the bouncer, who was eighteen years old, and had been served alcoholic beverages by more than one server in the establishment. The male described an "after-hours" party going on inside, and that there were other underage people still inside. Officers went to the bar and were allowed inside (5:10 AM). Numerous people were observed to be in the ground-level bar area, and more were located in the lower-level restaurant area. The owner was located in the lower level. The owner acknowledged that having people in the bar after hours was wrong, and was going to have consequences. He purported to have been allowing people to be in the bar while waiting for their cars to warm up (outside temperatures were approximately -4 degrees Fahrenheit). Among the people still in the bar was the bouncer, who had also been drinking. The original male found outside the bar, and the bouncer were both issued citations for Underage Drinking. Approximately thirteen other people (including the owner) were identified as having been in the bar at the time, with a report that more had fled out the back of the restaurant. Citations for being Open After Hours and Allowing Underage Person on Premises were issued to the owner. Although one report described the owner as taking responsibility for poor judgement in this situation, one officer described in his report that, "...the bar owner and staff were uncooperative with officers and neglected the urgency of having patrons leave immediately." As a result of this incident, I recommend that the bar be assessed **25 Demerit Points for Serve Underage Person, 25 Demerit Points for Underage Person on Premise, and 25 Demerit Points for Open After Hours**, for a total of **75 Demerit Points**.

Glass Hat, 1203 N. 3rd Street

- (1) *Event #22003237, 01/07/2022 at 4:54 PM:* CRIMINAL MISCELLANEOUS: The **owner** called after having someone illegally dump refuse in their dumpster, filling it up. A neighbor witnessed the suspect and obtained two plate numbers, however only one of them was found to be valid. An officer attempted follow up by calling the registered owner. It was later determined that the illegal dumper was actually the cleaning personnel disposing of the trash (unbeknownst to the witnessing neighbor).

- (2) *Case #2200674, 01/23/2022 at 1:01 AM: CRIMINAL MISCELLANEOUS:* An **employee** called to report a problem with a male in the bar that was making women uncomfortable, to include the bartender's wife. The male was touching women on the shoulder, demanding free drinks and "hitting on them." When asked to leave, the male responded by asking for a fight. He left before officers arrived, but was located outside the bar. He was arrested for violating a misdemeanor bond that prohibited him from drinking alcoholic beverages. At the request of management, the male was also advised that he was banned from the bar.

Loppnow's, 1502 N. 3rd Street

- (1) *Case #22000165, 01/04/2022 at 11:34 PM: HIT AND RUN CRASH:* An **employee** called to report that someone had crashed their car into the front door of the bar, and left the scene, driving westbound on Dekalb Street. The suspect vehicle was located driving south on S. 3rd Avenue at Stewart Avenue. The vehicle was stopped and the operator was arrested for OWI and Hit and Run, and subsequently released to a responsible person.
- (2) *Event #22004671, 01/10/2022 at 10:06 PM: CRIMINAL MISCELLANEOUS:* An **employee** called to report that a female patron claimed that a male patron had been "flashing a gun" in the bar. The female patron gave a description of the male that had the gun as wearing a yellow shirt, with long hair. Officers responded and located the male described. He was cooperative and found not to have a gun in his possession. He admitted that he was having a conversation about guns with a friend that had recently purchased one. The original female patron that reported witnessing the gun was not able to be located. The call was determined to be unfounded.

Denmar Bar, 601 W. Thomas Street

- (1) *Case #22000629, 01/21/2022 at 1:47 AM: CRIMINAL MISCELLANEOUS:* A patron called to report being assaulted by a group of seven or eight males, who punched him and stole his phone. The assailants left by the time the victim called, and were unknown to the victim. The victim wanted it reported, but did not want to "pursue charges." Based on the report of a strong-armed robbery, the officer planned to investigate further. The case is still active.

Eagle's Club, 1703 S. 3rd Avenue

- (1) *Event #22010642, 01/23/2022 at 8:06 PM: WELFARE CHECK:* An **employee** called about a male that came into the bar and started asking patrons for marijuana. The bar refused to serve the male as they felt he was under the influence of something. Officers made contact with the male, who indicated he intended to walk out onto the lake. He had no other complaints. The bar staff asked that the male be escorted off the property. He left without difficulty.

- (1) *Case #22000465, 01/16/2022 at 2:22 AM:* ALARMS: Officers responded to a report of a commercial burglar alarm (front door entry and motion). Officers arrived and met with an employee that did not have the proper code for the alarm. Managers were not able to be contacted. A false alarm report was submitted.
- (2) *Event #22012516, 01/28/2022 at 1:09 AM:* SERVICE MISCELLANEOUS: An **employee** called to request assistance in removing a male that refused to leave the bar. The male left before officers arrived. He was reported to have gotten into a Chrysler, hit the fence and left westbound on Thomas Street. The responding officers were unable to locate the vehicle. The damage to the fence was minimal, and the employee did not wish to file a report for it. The employee stated that she would call if the male returned. No further action was taken.

M & R Station, 818 S. 3rd Avenue

- (1) *Event #22003303, 01/07/2022 at 6:37 PM:* ANIMAL COMPLAINT: A caller that refused to be identified called to report that there was a vehicle in the parking lot that had two dogs in it. The caller did not know how long the vehicle had been there, but thought the welfare of the animals should be checked, based on the cold. An officer responded, however the described vehicle (a registration plate number had been given) was gone by the time he arrived.
- (2) *Event #22007432, 01/16/2022 at 9:50 PM:* SUSPICIOUS ACTIVITY: An **employee** called to report having a problem with a female patron "starting issues with other patrons." When the officers arrived, the female left. The bartender explained that the woman had been starting verbal arguments with other people in the bar, and wanted officers' presence in the event she started a physical altercation. With the problem gone, no further action was taken.
- (3) *Event #22012512, 01/28/2022 at 12:51 AM:* SUSPICIOUS ACTIVITY: An **employee** called in reference to a patron that was no longer wanted on the property. An officer located the male outside the back of the bar and stood by until he left the property (which took some time). No further action was needed.

- (1) *Event #22003667, 01/08/2022 at 3:20 PM:* FIGHT: A citizen called to report that an intoxicated male was fighting. Information was added that the subject was pinned down on the sidewalk outside the bar. On officers' arrival, the "fighting" male was detained. According to the caller, he is a good friend of the owner, who was also present. He watched the owner escort the "fighting" male out of the bar, because a fight was about to start. While standing next to the owner, the caller allegedly could tell the male was about to fight the owner, so he tackled the "fighting" male into the snowbank and stood back up. The owner then held the male down until officers arrived. Officers spoke with the owner, who stated that the "fighting" male had started arguments in the bar, yelling about political issues, the vaccination, and losing his job. The fighter did not leave upon being requested. The owner escorted the fighter out, and once outside, the fighter took a swing at the owner, but missed. The owner pinned the fighter down until officers arrived. Officers spoke with the "fighting" male, and described him as being heavily intoxicated. He said he had been making comments about the vaccination, and losing his job. He believed this made patrons and the owner upset. He admitted being asked to leave, but wanted to finish his drink before doing so. He was then escorted out. The "fighting" male asked for medical attention for his knee, but declined attention when an ambulance arrived. He was removed from the scene by his landlord, with admonitions not to return to the bar by the owner. No law enforcement action was taken.
- (2) *Event #22007877, 01/17/2022 at 11:03 PM:* SUSPICIOUS ACTIVITY: A patron called on behalf of the bartender in reference to a problem patrons were having with a male patron that was trying to surreptitiously record people at the bar. Officers responded and made contact with the male, who was accompanied by a female. They eventually admitted to recording people in the bar, and were advised that the bar staff had asked them to leave. They seemed perplexed by the request to leave, but eventually complied with the request.
- (3) *Case #22000525, 01/17/2022 at 11:23:* CRIMINAL MISCELLANEOUS: While assisting with the above listed call, an officer observed a male patron in the bar that had open misdemeanor bonds. The open bond conditions restricted him from going to bars/taverns. The male was escorted out of the bar and issued a summons for Bail Jumping.

- (1) *Event #22009395, 01/21/2022 at 5:00 AM:* SUSPICIOUS ACTIVITY: A neighbor called to report that it appeared there were two people in the bar, and a male in a car that was running in the parking lot. Two officers responded and were in the area within ten minutes, but nothing was located.
- (2) *Event #220011224, 01/25/2022 at 3:32 AM:* CRIMINAL MISCELLANEOUS: A caller that refused to be identified reported that it appeared the bar was still open (after hours), with interior lights on and people inside. Officers responded and made contact with the bar owner and her boyfriend, who were still cleaning. The owner said they got carried away with a conversation and it took them longer than expected to clean. The officer reported smelling that the floor had just been mopped, and the owner answered the door with a dust pan in hand.

- (1) *Event #22000528, 01/02/2022 at 2:09 AM:* CRIMINAL MISCELLANEOUS: A person that refused to be identified called to report that a vehicle parked at the bar, owned by one of the dancers working at the time, had a substantial amount of heroin in the vehicle. A K9 Handler and his partner conducted a free-air sniff of the vehicle, since it was in a parking lot open to the public. The K9 did not alert to the odor of narcotics. Looking into the vehicle's windows also did not indicate anything to take action on. Contact was made with the owner of the vehicle, who denied having any drugs, and denied consent to search her personal property (purse or bag). She also had no idea who would have made such a claim, or why. No further action was taken.
- (2) *Event #22009361, 01/21/2022 at 1:10 AM:* FIGHT: A **bartender** called to a report of a fight involving several people. Information that was gathered by officers indicated that a woman had come into the bar, and struck her boyfriend in the face because he had not returned home. His response was to punch the woman in the face. The remaining activity consisted of people trying to break the two up. They allegedly left out the front door as the first officer was walking in the back door, and were not identified or located. No one in the bar knew who they were. The investigating officer is still waiting to view video from the bar.
