WAUSAU PD OPERATIONS REPORT

2nd Quarter 2026

Patrol Captains Message

The second quarter of 2026 demonstrated, once again, the professionalism, adaptability, and unwavering commitment of the men and women of the Wausau Police Department. While our department continues to face staffing challenges due to retirements, employee departures, training commitments, injuries, and family leave, our officers have remained steadfast in providing exceptional service to the citizens of Wausau.

Throughout the quarter, Patrol officers responded to more than 600 emergency 9-1-1 calls, investigated 271 traffic crashes, handled 259 mental health incidents, attempted service on 145 arrest warrants, and addressed an increasing number of issues involving electric bicycles and e-motos. Officers also managed several significant incidents, including a Silver Alert, a large residential fire requiring the evacuation of residents, serious domestic violence investigations, and an armed subject incident at the Marathon County Public Library. These incidents represent only a portion of the work performed daily by our personnel and reflect the broad range of responsibilities our officers are expected to manage.

Traffic safety continues to be one of our department's highest priorities. During the second quarter, officers conducted more than 1,350 traffic stops, issued over 560 citations, made 52 Operating While Intoxicated arrests, and remained focused on reducing dangerous driving behaviors that place our community at risk. These proactive enforcement efforts are essential to preventing crashes and promoting safer roadways throughout the City of Wausau.

Our Community Resource Unit continued its outstanding work targeting drug trafficking and violent crime. Through proactive investigations, search warrants, and coordinated enforcement efforts, officers removed substantial quantities of methamphetamine, heroin, fentanyl, cocaine, and marijuana from our community while pursuing offenders responsible for distributing dangerous narcotics. The unit also continued investigations involving online child exploitation and connected

individuals struggling with addiction to treatment and diversion resources, reinforcing our commitment to both enforcement and prevention.

Mental health and crisis response remain among the most significant demands placed upon law enforcement. Through our partnership with the Crisis Assessment Response Team (CART) and Marathon County, officers continue responding to hundreds of mental health-related calls and welfare checks each quarter. These situations require compassion, patience, sound judgment, and collaboration with our community partners, and I am proud of the professionalism our officers consistently demonstrate during these often difficult calls.

Downtown continues to evolve as services for individuals experiencing homelessness transition to the new Bridge Street Mission facility. Our Downtown Officers have worked closely with shelter staff, city departments, and community partners to address emerging challenges while maintaining a visible presence throughout the downtown area. Their proactive engagement has contributed to improved public perceptions of downtown safety and reflects our department's commitment to collaborative problem-solving.

Perhaps the greatest accomplishment this quarter cannot be measured by statistics alone. It is the resilience, teamwork, and dedication demonstrated by our employees every day. Despite operating below full staffing, our officers have continued to answer every call for service, support one another during critical incidents, mentor our newest officers, and maintain the high standards of professionalism that define the Wausau Police Department.

As we look toward the remainder of 2026, our priorities remain clear: continue investing in our people, strengthen partnerships within our community, proactively address crime and traffic safety concerns, and ensure our officers have the training, technology, and equipment necessary to meet the ever-changing demands of modern policing. I remain confident that, through the dedication of our employees and the support of our community, the Wausau Police Department will continue to build upon its proud tradition of professionalism, service, and public trust.

Patrol Captain Melinda Pauls

Counting Rules

Counts on this page are based on the month of the incident or arrest, rather than the month the incident was submitted. If the incident date is unknown, the report date is used. Counts are subject to change as data are updated.

Offense counts are calculated based on the number of offenses for each victim (per incident) for Crimes Against Persons and the number of unique offense types (per incident) for Crimes Against Property and Crimes Against Society. For burglary and motor vehicle theft, offense counts are based on the number of premises entered and the number of vehicles stolen, respectively.

Victim counts are calculated based on the number of victims connected to each unique offense type in an incident. For Crimes Against Persons, the number of victims will be equal to the number of offenses. Victims will be counted more than once if they are connected to multiple offenses.

Arrest counts are calculated based on the number of arrestees listed on a Group A or Group B incident. Each arrestee is counted only once per incident. Arrests are categorized based on the specific Group A or Group B arrest code submitted by the agency, rather than the incident offense code. Since agencies only submit the most serious arrest charge for each arrestee on an incident, arrest counts are not indicative of the number of charges.

Incidents are cleared in one of two ways: by arrest or by exceptional means. Clearance counts are based on the number of offenses cleared in a given month regardless of when the offense occurred, and can therefore be greater than the number of offenses in a given month. In incident-based reporting, the first arrest on an incident, or an exceptional clearance, will clear all offenses associated with the incident.

Patrol Bureau

Patrol Staffing – Department had a significant change in staffing this quarter.

- Officers Ethan Bares, Cody Friedenfels, Dakota Heidmann and Eric Valadez completed training and are excited to be on their own serving the community of Wausau.
- Officer Reyes returned from Active duty on June 29th, after a short training period he is back to his regular patrol shift.
- Three officers left to pursue other careers and Ofc. Jurasin retired after 25 years of service.
- We currently have 2 officers on light duty from work-related injuries and 1 on light duty because of a significant medical issue.
- We currently have 3 officers on FMLA leave.

Because of the above openings and injuries, patrol shifts are operating at minimums.

Calls handled by Patrol officers

9-1-1 calls - Officers responded to 626 emergent calls

Crashes - Officers responded to a total of 271 vehicle crashes, including 64 Hit and Run crashes.

Mental Health - Officers responded to 259 mental health calls.

Sexual Assaults - Officers responded to and investigated 11 sexual assaults.

Warrant Service Attempts - Officers responded to 145 Arrest warrant attempts.

EMOTOS – Officers responded and initiated over 30 contacts with e-bikes/e-motos. Several contacts led to juveniles fleeing and driving recklessly.

- A Silver Alert was issued on 04/27/26 for an overdue motorist with dementia. The male was found safe a few hours later.
- A fire in the 1300 block of Grand Ave. led to a coordinated effort to evacuate residents and provide temporary shelter on city buses.
- A significant Domestic violence incident occurred, leaving a victim with injuries and the suspect being arrested for several felony charges.
- A male brandished a firearm at the library. The felon was arrested on numerous charges – firearm was a realistic looking BB gun.

Major Cases/Trends

[Suicide] In April, officers conducted a welfare check after family members were unable to reach an adult living alone. The individual was found deceased inside the residence from a self-inflicted gunshot wound, with no indications of foul play. Evidence and family statements indicated ongoing mental-health challenges and recent personal and work-related stress. The Medical Examiner confirmed the death as a suicide, and the case was closed.

[Drug Overdose] In May, officers responded to a medical emergency at a local residence and discovered an adult deceased from a suspected drug overdose. The investigation revealed quantities of illegal drugs and paraphernalia in the home. Interviews and evidence indicated ongoing substance use and sales activity by residents. The Medical Examiner determined the cause of death was accidental, due to mixed drug toxicity involving fentanyl and methamphetamine. Charges related to drug activity and obstruction were referred to the District Attorney, and the case remains open.

[Suicide] In May, officers responded to a medical emergency at a local residence and found an adult male with a gunshot wound. The investigation determined the injury was self-inflicted, and the individual later died at the hospital. Interviews and evidence indicated ongoing stress related to medical issues, finances, and family circumstances. No signs of foul play were found, and the Medical Examiner's review supported the determination of suicide. The case was closed.

[Suicide] In June, officers responded to a medical emergency at a local residence and found an adult male deceased from a self-inflicted gunshot wound. The investigation revealed the individual had been experiencing a prolonged mental health decline and had recently discussed plans for treatment with family. No signs of foul play were found. The Medical Examiner determined the cause of death was suicide, and the case was closed.

[Domestic] In June, officers responded to a domestic disturbance at a local motel and found an adult female with severe injuries. The investigation revealed ongoing physical abuse, including strangulation, battery, and threats, perpetrated by a partner. Evidence included medical records, witness statements, and video footage documenting repeated assaults. The victim was pregnant at the time of the incident. The suspect was arrested and charged with multiple offenses, including strangulation, battery, false imprisonment, disorderly conduct, and probation violation. The case was referred to the District Attorney and remains open.

[Sextortion] Three recent investigations reveal a troubling pattern of online sextortion targeting local youth. In each case, minors were contacted by individuals posing as peers—often through popular platforms like TikTok, Snapchat, or messaging apps. The offenders typically initiated conversations, gained trust, and then encouraged the victims to exchange explicit images. Once images were sent, the offenders quickly shifted to threats and demands, including requests for money or further images, leveraging the threat of public exposure or sharing with friends and family. These cases underscore the importance of proactive education, digital safety, and support resources for youth and families facing online exploitation.

Drug Overdoses

2026

2019-2026

Overdoses by Location (current year)

Summary

The Wausau Police Department has experienced a sustained decline in overdose responses since peaking in 2021:

- **2021:** 40 overdoses (12 fatal) — highest on record.
- **2022:** 35 overdoses (9 fatal) — a 12% overall decrease and a 25% reduction in fatalities.
- **2023:** 27 overdoses (10 fatal, 17 non-fatal) — a 23% reduction from the prior year.
- **2024:** 19 overdoses (6 fatal, 13 non-fatal) — a 30% reduction from the prior year.
- **2025:** 11 overdoses (3 fatal, 8 non-fatal) — a further 42% decrease from 2024, with fatalities down 50%.
- **2026:** 7 overdoses (3 fatal, 4 non-fatal) — a 27% upward trend overall, with fatalities trending up 100% from 2025.

WPD ICAC Tips by Month

WPD ICAC Tips by Year

The following graph shows the number of ICAC tips received by Wisconsin DOJ per year.

Wisconsin ICAC Tips by Year

Summary

WPD has experienced a steady rise in ICAC tips over the past three years, representing a 52% increase from 2023 to 2025. Locally, online child-exploitation incidents are not leveling off—they are accelerating.

The statewide trend is much more dramatic. Since 2009, Wisconsin has seen an explosive increase—more than a 100-fold rise. The most significant growth occurs after 2020, with tips nearly doubling in just the last two years.

Downtown Officer Program

During this quarter, Bridge Street Mission (BSM) opened both its day center and its overnight unhoused shelter, coinciding with the closure of the Wausau Police Department's temporary shelter.

Downtown officers worked with BSM leadership throughout the transition, holding meetings to support operational coordination and community safety as services shifted to the new facility.

Between April 20 and May 3, BSM generated **57 calls for service**, including requests for extra patrol, medical emergencies, and various criminal complaints.

Since the opening, Downtown Officers have continued to spend a significant amount of time at and around the shelter to maintain safety and support staff as they adjust to the increased service demands.

As the shelter began operating at full capacity, disorderly behavior previously concentrated in the downtown core has migrated to nearby locations such as the gazebo area and the west side of the river. Several encampments have been located throughout the city; however, the overall number of camps has been noticeably lower compared to 2025.

Community feedback has been positive. Downtown officers have been told that the downtown area feels significantly improved and 'very nice'. This reflects both the impact of BSM's expanded services and the sustained engagement of the downtown team.

*CART is a shared resource with MNSO; above data represents WPD jurisdiction activities only. WPD has one (1) CART Officer, on M-F day shift schedule. This position is not back-filled during the CART Officer's off-days. MNSO's CART Deputy also responds to relevant CFS in the City when available.

"CFS": Calls For Service (Officer initiated activities and calls received from Dispatch).

"Mental Health" and **"Welfare Check"** are the two most common types of CFS (coded by Dispatch based on the initial information reported) that involve individuals in crisis.

"Community" origin of 51.15 / 51.45: Law enforcement is called to a location in the community (*residence, business, public location*) in response to an individual in crisis (or incapacitated). De-escalation, safety planning, and/or diversion is not viable or is unsuccessful, resulting in 51.15 or 51.45 detention.

"Facility" origin of 51.15: While under care or custody of the Jail, NCHC, or medical facility; an inmate or patient is suicidal or otherwise assessed on-site by a Crisis Professional, and deemed in need of 51.15. Law Enforcement is then called upon to confirm and complete the 51.15 (as required by WI Stats.) **Lacks opportunity for diversion.**

"51.15": "Emergency Detention" under WI Statute 51.15. Law enforcement may take into custody an individual who is:

- (1) Mentally ill, drug dependent or developmentally disabled, and;
- (2) A substantial probability of physical harm to him/herself or others is evident by recent acts or omissions, attempts or threats.

"51.45": "Alcohol or Drug Detention" under WI Statute 51.45. "A person who appears to be 'incapacitated by alcohol or another drug' shall be placed under protective custody by a law enforcement officer."

Records Bureau

Law enforcement would not be able to do its job successfully without access to data. The 79 sworn officers at the Wausau Police Department create a lot of data and paperwork, but it's only useful if it can be found when it's needed, and only if it gets to the correct people. We have one Office Manager, four Administrative Assistants that keep all of our processes moving. They receive information from the officers, be sure it is entered and properly cataloged, forward it to other agencies and departments, and then review and potentially release when requested. This includes paper reports, squad video and body worn camera, photos, and lost and found items.

This department is also the first point of contact for customer service for the public. They are a cheerful, resourceful group who go out of their way to be sure needs get met in as timely a manner as possible.
